To the staff and management of Bushell Transport Company Ltd.,

Thank you so much for your support of the Edmonton Humane Society. Your donation has made an incredible difference to the care that we can provide to animals in need.

Through partnership and innovation, the Edmonton Humane Society (a registered charity) is committed to helping homeless and abused companion animals, enlightening people, and enriching lives. Your donations will help us to complete this mission.

With your help we can care for thousands of animals each year - nearly 13,000 in 2010! We investigate thousands of complaints of animal abuse and neglect, educate school children and community groups about the importance of responsible pet ownership, and provide behavior assistance and training classes to innumerable pet owners.

Your support truly helps us to save the lives of animals in our community. Again, thank you for your generosity.

Warmest Regards,

Jocelyn Brulotte
